

DAVID CAMERON MP

HOUSE OF COMMONS

LONDON SW1A 0AA

Dr M. Wilson

Michael Howard has passed on to me your letter about school reorganisation in Northumberland.

My predecessor Tim Collins has explained your situation to me, and I am in possession of your document.

I am very happy to express our continued support for your campaign. We in the Conservative Party believe that parents and families ought to be able to influence the way in which their children are taught. It is clear that the overwhelming wish amongst parents in your community is to retain the 3 tier structure. Therefore that is the way it should be! It is quite wrong that your wishes are being ignored.

My colleague Peter Atkinson is very concerned about this situation and will keep me informed of developments. If I can help, I will.

With **kind** regards,
